## **Announcing Ecosystems® Sleep Kit - Biossentials™ Memory Foam with NEW Sustainable Shift™ Packaging 2022 Edison Awards in Sustainability**

HOUSTON, TEXAS (Friday, February 11, 2022)

The Edison Awards globally recognizes, honors and fosters innovators and innovations that positively impact the world. As a 2022 Edison Award Finalist **Sinomax USA, Inc.** is thrilled to be included among this elite group of finalists recognized for excellence in innovation.

Specifically, **Ecosystems® Sleep Kit - Biossentials™ Memory Foam with NEW Sustainable Shift™ Packaging** was nominated in the category of Sustainability and will medal in the **Environmental Impact** during the gala event, April 20-22, 2022. Hosted by journalist Miles O'Brien from PBS NewsHour, this year's Edison Awards will be held at the Luminary Hotel in Ft. Myers, Florida.

Edison Award attendees will have the opportunity to witness new products and services while learning from several of today's greatest innovators. Innovators like the 2022 Edison Achievement Award Honorees, Carmichael Roberts, Material Impact and Breakthrough Energy Ventures and Bracken Darrell, Logitech will be in attendance along with the team behind Sinomax's **Ecosystems® Sleep Kit - Biossentials™ Memory Foam with NEW Sustainable Shift™ Packaging**, a product that is a game changer because it features a USDA certified plant-based Biossentials™ memory foam pillow bundled with an organic, water-based, stress-relief sleep spray, carefully wrapped inside a condensed package comprised of reduced-waste, recycled content. Each packaged kit comes with plantable seeds and allows the user to create a uniquely designed planter in just a few easy steps.

Frank Bonafilia, Edison Awards' executive director, stated, "It's exciting to see companies like **Sinomax®** continuing Thomas Edison's legacy of challenging conventional thinking." We are honored the **Ecosystems® Sleep Kit - Biossentials™ Memory Foam with NEW Sustainable Shift™ Packaging** is in league with that of Thomas Edison's innovations—a man who transformed our world and created a meaningful impact on the future through designs such as incandescent electric light and the system of electrical power, the phonograph and recorded sound, the telephone transmitter, the storage battery, as well as movies and the motion-picture camera.

The Edison Awards is a program conducted by Edison Universe, a 501(c)(3) charitable organization. If you are curious about invention, visit a complete list of 2022 finalist innovations at: <https://edisonawards.com/finalists2022.php>
